English Learners

Mississippi's English Learner (EL) population is growing rapidly, with the state now serving more than 12,100 identified EL students. In response to this growth, as well as requests from districts new to serving EL students, we provide multiple resources for supporting English learners including: recorded webinars, guidance documents, and other resources designed to provide administrators, teachers, EL teachers and tutors, and other educators with information on how to effectively serve English learners and their families.

For questions regarding EL services, as well as requests for on-site large or small-group professional development, please email Sandy Elliott at selliott@mdek12.org. Check back often for new resources!

Mississippi Seal of Biliteracy

The purpose of the Mississippi Seal of Biliteracy policy is to establish minimum criteria for Local Education Agencies (LEAs) in awarding Seals of Biliteracy. For more information regarding the State Board Policy, Guidelines, and the process of awarding and recognizing students who are eligible to receive a Seal of Biliteracy, please visit the [Mississippi Seal of Biliteracy webpage](#).

Mississippi English Language Proficiency Standards and Alternate English Language Proficiency Standards

- [Mississippi English Language Proficiency Standards](#) for all general education and most special education EL students

- [Mississippi Alternate English Language Proficiency Standards](#) for EL students with significant cognitive disabilities

Table 1. Organization of the ELP Standards in Relation to Participation in Content-Area Practices

1	construct meaning from oral presentations and literary and informational text through grade-appropriate listening, reading, and viewing
2	participate in grade-appropriate oral and written exchanges of information, ideas, and analyses, responding to peer, audience, or reader comments and questions
3	speak and write about grade-appropriate complex literary and informational texts and topics
4	construct grade-appropriate oral and written claims and support them with reasoning and evidence
5	conduct research and evaluate and communicate findings to answer questions or solve problems
6	analyze and critique the arguments of others orally and in writing
7	adapt language choices to purpose, task, and audience when speaking and writing
8	determine the meaning of words and phrases in oral presentations and literary and informational text
9	create clear and coherent grade-appropriate speech and text
10	make accurate use of standard English to communicate in grade-appropriate speech and writing

➤ Standards 1 through 7 involve the language necessary for ELs to engage in the central content-specific practices associated with ELA & Literacy, mathematics, and science. They begin with a focus on extraction of meaning and then progress to engagement.

➤ Standards 8 through 10 address the micro-level linguistic features that are important to focus on but only in the service of the other seven standards.

Grades 4-5: Standards 6, 7, and 8

ELP Standard		By the end of each English language proficiency level, an EL can . . .				
		Level 1	Level 2	Level 3	Level 4	Level 5
4-5.6	An EL can . . . analyze and critique the arguments of others orally and in writing.	<ul style="list-style-type: none"> identify a point an author or speaker makes. 	<ul style="list-style-type: none"> identify a reason an author or speaker gives to support a main point agree or disagree with the author or speaker. 	<ul style="list-style-type: none"> tell how one or two reasons support the specific points an author or speaker makes or fails to make. 	<ul style="list-style-type: none"> describe how reasons support the specific points an author or speaker makes or fails to make. 	<ul style="list-style-type: none"> explain how an author or speaker uses reasons and evidence to support or fail to support particular points (at grade 5) identify which reasons and evidence support which points.

Instructional Supports for English Learners
Elementary Walk Protocol

Observer _____ Teacher _____ Date _____ Grade _____

	Strong Evidence	Observed	Needs Attention	Not Observed
Instruction				
Teacher provides instructions and communicates in ways which are clear, appropriate, and effective for <i>EL students</i> - moderates speech (rate, fluency and enunciation) - repeats and paraphrases as needed - uses consistent language - uses gestures - uses visual reminders				
Teacher uses explicit instruction with visuals to support questioning and discussion to promote higher order thinking skills in <i>EL students</i> - incorporates a gradual release of responsibility (I do, we do, you do) - visuals for vocabulary - encourages expanded answers with follow-up questions - encourages accountable talk (teaches students how to respond using academic language...I agree with _____ because _____)				
Teacher provides <i>EL students</i> with positive and immediate corrective and affirming feedback				
Teacher uses appropriate pacing and wait time during instruction to support <i>EL students'</i> processing and participation while still maintaining a brisk academic pace				
Teacher uses a variety of culturally and linguistically responsive resources (e.g., computer, smartboard, letter tiles, listening center, anchor charts) during reading instruction				
Teacher offers explicit explanations or models expected differentiated outcomes - displayed (teacher) samples of completed work - expected tasks are listed - utilizes a gradual release of responsibility (I do, we do, you do) to support English language and content development - students understand rubrics used for assessment

Essential assessment questions to keep in mind:

1. What is the purpose of the assessment?

2. Do I have enough data collections from different sources to make final judgements on what my students can produce?

3. How can I have my students drive this assessment?

4. How can I create assessments/assessment items to enable students at different levels of English language acquisition demonstrate what they know about the concepts?

5. Have I identified ways to accommodate students based on their language service plans?

Supporting English Learners with Limited or Inconsistent/Interrupted Formal Education

- Created by Mississippi Department of Education's Refugee Working Group
- Provides educators with strategies for identifying, screening and supporting SLIFE.
- Found on the MS EL webpage <https://www.mdek12.org/EL>

Mississippi Educator Refugee Working Group Members:

Glenda Cilliers | Gulfport School District

Lynn Fuller | Madison County Schools

Kristie Jones | Lowndes County School District

Whitney Knight-Rorie | DeSoto County School District

Nancy McCurdy | Oxford School District

Stephanie Murley | DeSoto County School District

Audrey Reed | Rankin County School District

CHARACTERISTICS OF SLIFE STUDENTS

Students with limited or interrupted/inconsistent formal educations often:

have limited, interrupted,
or inconsistent formal
schooling

have limited or no oral
proficiency in English

have limited content
area knowledge

have limited literacy
skills in any language

have needs that traditional
ESL and bilingual programs
may not be able to meet

may function two or more
years below peers in native
language literacy and
numeracy compared to other
recently arrived ELs

may need intensive supports and approaches as well as intervention to catch up with grade level standards and to provide foundational skills that support understanding

Includes: screeners, tips for administrators and teachers, resources, student scenarios, and so much more!

SUPPORTING NEWCOMER ENGLISH LEARNERS

MISSISSIPPI DEPARTMENT OF EDUCATION

A QUICK GUIDE FOR ADMINISTRATORS

1 Who are Newcomer ELs?

Newcomer is an umbrella term for foreign-born students and their families who have recently arrived in the United States. Included among the various categories of newcomers are:

- Asylees
- Refugees
- Newly Arrived with Adequate Schooling
- Unaccompanied Youth
- SLIFE (Students with Limited or Interrupted/Inconsistent Formal Education)

2 Second Language Acquisition (SLA):

There are 5 typical stages or phases of second language acquisition. The chart below provide basic information on each stage.

STAGES OF LANGUAGE ACQUISITION

Pre-Production 0-6 mo. <ul style="list-style-type: none"> • Receptive Only • Silent Period • Can answer non-verbally • Don't force engagement • Focused on listening and reading skills 	Early Production 6 mo-1 yr <ul style="list-style-type: none"> • Receptive>Expressive • Limited comprehension • 1-2 word answers • Can answer "yes" or "no" questions 	Speech Emergence 1-3 yrs <ul style="list-style-type: none"> • Receptive>Expressive • Good comprehension • Simple sentences • Grammar errors 	Intermediate Fluency 3-5 yrs <ul style="list-style-type: none"> • Receptive=Expressive • Excellent comprehension • Fewer grammatical errors 	Advanced Fluency 3-5 yrs <ul style="list-style-type: none"> • Native level of speaking • Understands figurative language
--	---	--	--	--

3 Federal Requirements:

The **Mississippi English Learner Guidelines** and the US Department of Education's **Newcomer Tool** provide information, resources and supports for understanding federal, state, and local requirements supporting English learners. The following topics are among those which are important to understand

ENROLLMENT PROCESS Follow district procedures for all students	PARENT ENGAGEMENT • Parent notification in a language they understand • Parent outreach
IDENTIFICATION PROCESS Home language survey • Placement test	PLACEMENT IN AN INSTRUCTIONAL PROGRAM Language service plan • Effective EL instruction
ASSESSMENT AND ACCOUNTABILITY Placement test • Annual assessment	ACCESS TO OTHER PROGRAM SERVICES Gifted • Special Education • Adv. Placement • Dual Credit • Mig

4 Assessment, Accommodations and Modifications:

- The federal government requires that all English learners are assessed annually using an English language proficiency test. Mississippi uses the LAS Links assessment system – Language Assessment System test which currently serves as Mississippi's annual English language proficiency test for K-12 students. Students must score a 4 or 5 in reading, writing, and overall to exit EL status.
- Federal Regulations for ELs who opt out – student's whose parents or guardians have opted out of EL programs still maintain their EL status and are still required to take the annual English language proficiency test.
- Monitored status – once students have met the exit criteria, they are monitored for 4 years. These students do not take the annual English language proficiency test and no longer receive EL accommodations.
- See the **Office of Student Assessment's SharePoint** resources for the updated accommodations manual and guidance on acceptable accommodations on state assessments for ELs and for additional resources. You may need to contact your DTC for access.
- See the MDE's **Adapting Classroom Assessments for English Learners** for support on strategies on how to appropriately adapt classroom assessments to better assist ELs in demonstrating what they know about taught concepts.

5 How To Support Newcomers

- Schoolwide Supports for Newcomers
- Provide Constant Encouragement
- Create a Welcoming Environment
- Provide Social Emotional Learning Supports as Needed
- Support High Quality Instruction Based on Student Needs

6 Development and Implementation of Language Service Plans:

- Team members should work together to develop language service plans. Include EL and general education teachers as well as others who work with the student.
- The Student Evaluation Team (SET) team should include at a minimum: building administrators, EL teachers, general education teachers, and parents/guardians.
- Language service plans should include linguistic, academic, and social considerations to meet the individual needs of the student.

Scheduling Suggestions

- Review foreign and US transcripts to ensure that students are given proper credit for previously completed courses.
- Consider the grade level of English language acquisition when placing students in ESL courses.
- Utilize the ESL course codes for placing students in ESL courses and to ensure elective credits are awarded at the high school level.

Intervention for ELs:

- Newcomer ELs may need additional support through the MTSS process.
- Interventions are separate from ESL class.
- Intervention should focus on identified academic or behavior deficit areas.
- Placement in intervention program is not dependent upon level of English language acquisition.

View a recorded presentation with more detailed information on these topics to support Newcomer English Learners (<https://youtu.be/Fz40YYCRPys>)

Additional resources can be found on the **MDE English Learner Supports** webpage and in the **U.S. Department of Education's Newcomer Toolkit**.
